Wagner Fine Spray

The Wagner Fine Spray unit is available at most major Lowes Home Improvement stores, Northern Tool Supply, and many other retail outlets. Other HVLP systems will also work, however, this is the most popular unit based on cost, availability, cleanup, and service. Shop for your best deal when looking for a spray gun for your spray tanning operation. The only drawback to the lower cost units is the operating noise. Most salons place the fan unit in an adjacent room and run the air hose through the wall.
